

East Lawn Design Concept

Enhance and Preserve Existing Features

Approach

Inclusive for All Ages and All Seasons

Needs

- More Active Play areas for all ages
- Programmed Picnic Space
- Community Programmable Performance Space
- Safety and Threshold from Vehicles

- Open Space
- Street Safety and Reforesting/Rewilding
- Play (All Ages)/Sports
- Gateway/Interactive Water Feature
- Play (6mo - 14 years)
- Performance
- X Picnic
- Walking/ Exercise Circuit
- Meditation

Reforeesting/Rewilding

addresses three physical needs: 1) creating space between active areas of the park and high traffic streets, 2) provide a natural barrier between street and park to prevent children from running into the street, 3) expand urban forest and address future loss of elder trees, and 4) manage poor drainage in the Eastern corners

Concept

Using nature to create a safe and sustainable environment

Design and Park Additions

- New trees
- Native Shrubs and Flowers
- Water/Drainage management
- Bulb homage

Play (All Ages)/Sports

Preserves and improves a well-used features and adds more diverse opportunities

Concept

Enhancing opportunities for outdoor sports

Design and Park Additions

- Improve Basketball Courts
- Adds needed maintenance to baseball field
- Adds futsal court that can be used as ice hockey rink in winter
- eliminates one baseball field

Open Space
Preserves existing open space as unprogrammed and flexible.
Preserves treasured sledding slope

Concept
Keep open space untouched

Design and Park Additions
No additions or removals

Play (6mo-14 years)

Adds to existing playground to expand the types of play and age groups who can access play

Concept

Create a play area that moves sequentially by age

Design and Park Additions

- Add small play area for 6mo - 2 years (tot play)
- Add adventure/mature play area for middle-school age kids
- Add shade trees to replace recently fallen trees

Performance Pavillion

Create a flexible space for community-led performances and picnic areas

Concept

Create a small (100 person) pavillion area for community-led and community-programmed performances

Design and Additions

- Add covered pavillion
- Add picnic tables

Performance

Possible Picnic Table Locations

Existing Components

- Playground
- 2 Baseball Fields
- 1 full-court basketball court
- 1 half-court basketball court
- walking/running path

Potential Components

- Interactive/Play Water Feature
- Nature Playground
- Updated Basketball Court
- Futsal/Hockey Court
- Exercise Circuit
- Pavillion/Small Performance area
- Shade Trees
- Improved Landscaping
- Picnic Tables
- More Trash Cans
- Meditation/Labyrinth
- Restrooms

-  Open Space
-  Street Safety and Reforesting/Rewilding
-  Play (All Ages)/Sports
-  Gateway/Interactive Water Feature
-  Play (6mo - 14)
-  Performance
-  Picnic
-  Walking/ Exercise Circuit
-  Meditation
