Interested in learning more about your home? This two-hour program will give you an introduction to researching the history of your house.

In the first half, CHS staff will present practical strategies to uncover your home's past, using maps, deed research, census records, and more. Then, you'll be given time in our Research Center to start your journey, with staff available to help. Bring your laptop!

This program is open to the public. The cost is \$5 for CHS members and for members of the West End Civic Association; \$10 for non-members.
